Dear friends of the unborn children and faithful followers of the Lord Jesus Christ,

Let it be known that I endorse the work of the Canadian Centre for Bio-ethical Reform (CCBR). I am a 77 year old retired Lutheran clergyman, who was graduated from Concordia Seminary of the Lutheran Church - Missouri Synod, St Louis, Missouri, in May of 1955. I have served congregations in Ontario and in the States and am now retired in London, Ontario.

The Lord God has told His people through Moses His faithful prophet **“Do not follow the crowd in doing wrong.”** (Exodus 23:2). The same God tells us the very same commandment. We must not follow the crowd when they do wrong. In fact we are to expose the evil deeds of darkness.

I'm very glad that I was present when Stephanie Gray was in London a few months ago and had shown the graphic pictures of the slaughtered innocents. I will admit that they made me cry. Those pictures must make Jesus cry too. And He sees the killing of thousands upon thousands every day. The time has come to shock people to see the great wrong that is being done in our country. Let these graphic pictures be shown everywhere so that people with eyes wide open and mouths appalled will see the great evil. God bless the people of our land to see the truth. Let us acknowledge our sins of omission and repent of them to our Saviour Jesus and, then, having been forgiven and set free from sin and guilt, let us faithfully serve our God.

This Friday, April the 6th 2007 is Good Friday. There we see the seriousness and ugliness of sin which is death, the wages of sin. We also see the seriousness and ugliness of sin, death, when we see those graphic pictures of dead unborn children. We have to show people these ugly pictures. Jesus said to his disciples, **“There is nothing concealed that will not be disclosed, or hidden that will not be made known”**. (Matthew 10:26).

God the Holy Trinity bless our country so that in due time having done away with the killing of the unborn, we won't have to show those pictures anymore. We'll then be able to show beautiful and happy children enjoying the life that God has given them.

Jesus preached and lived the truth and He then had to suffer for it. God help us followers of Jesus to do the same. Because God has loved us so much, let us for Jesus' sake love the unborn children and do what we can to save them from a tragic and early death.

Sincerely, John Stefan Obeda
