

Making abortion unthinkable

Dear friends,

I'm glad to share that it's been an incredibly busy 2009 for CCBR—and it's only April-May! Since the end of January, I've already spoken to **over 800 people in six different provinces**. Rather than trying to squeeze everything in one newsletter, I'll give you a little preview of the presentations and spend more time on them in upcoming newsletters.

At the end of January, I spoke in **Langley, British Columbia**, to both Langley Pro-Life and the pro-life club at Trinity Western University.

After speaking at the Sunday morning service at a Pentecostal church in **New Glasgow, Nova Scotia**, I returned to **Halifax** to speak to a confirmation class at St. James' Catholic Church.

Link of the month:

My friend has started a well-researched and written Christian blog that includes many pro-life articles. Here's one on adult stem cell research (ASCR):

Back in **Calgary, Alberta**, in early February, I spoke to the Axis group at Centre Street Church.

Axis is a group for 25–35-year-olds.

The following day, I travelled to Atlantic Canada. In **Halifax, Nova Scotia**, I spoke at Saint Mary's University to over 70 people (see my previous newsletter for more details on this engagement).

My next stop was in **Antigonish, Nova Scotia**, at St. Francis Xavier University.

I also spoke at both masses at a Catholic church called St. Rose of Lima.

When I finally got back to **Calgary** after all my talks on the East Coast, I spoke again to a local Christian group.

Each talk represents people we are reaching on abortion—many of whom have never heard us speak before. They are being equipped to help make abortion unthinkable in their local communities. There are so many great stories to share about this trip and I look forward to sharing them with you in upcoming newsletters. Thank you again for keeping us busy!
